STEEL BACKBOARD

DO NOT SCALE

PART# 0413062

SPALDING SPECIFICATIONS

DATE: 01/01/06

MODEL NUMBER: 413062

DESCRIPTON: Steel Backboard

SPECIFICATIONS:

Backboard shall be regulation size 42" x 72".

The backboard shall be constructed from a single piece of 12 gauge steel. The shell shall have a 1-1/2" deep flange.

Rigid channel reinforcements welded on the back of the board make it a durable and vibration free unit.

Horizontal channels have key-hole slots with bolt keeper on 36" vertical and 63" horizontal centers for mounting the board.

The backboard shall be front mount style, using front mount style goals. The goal mounting pattern shall be 5" x 4" on center.

The backboard shall be steam cleaned and phosphate treated to ensure an ideal paint to metal bond. The backboard shall be finished with a white electrostatically applied powder coat finish. Can be supplied with a graffiti-resistant polymer in the finish at an additional charge.

The backboard shall have a 1-year warranty. The warranty is extended to lifetime on direct mounts.

SHIPPING WEIGHT: 135 lbs.
